## THE RETAIL MERCHANTS ARE AT WORK

Organizing to Secure Legislation by Which They Can Collect Their Debts Generally News of Middle Georgia.

MACON, Ga., July 14.—[Special.]—It seems that the retail merchants of Georgia are determined to have pay for their goods. They are taking steps to protect themselves from dishonest debtors, and it seems that they are at last in a fair way to bring about the desired result. The constitution, in conversation with a prominent retail merchant today, was informed that the merchants of Macon had been receiving circulars asking them to appoint delegates to attend a convention, to be held in Atlanta on July 24th, for the purpose of taking action in the matter. The gentleman informed that the convention was likely to be held in Macon, and that the merchants would comply with this request at once, and that they warmly favored the idea of forming some plan of protection.

The gentleman thinks the meeting in Atlanta will result in some plan being formed by which the merchants can be protected.

The following is the circular received: To the Merchants of the State of Georgia: Has not the time fully come when the merchants of our state should take some steps by which they can be protected from the dishonesty of a large portion of our citizens who support themselves and families by obtaining merchandise from us on credit, and then refuse to pay for it?

All interests have their protection. The contractors and the mill men have their mortgages; the bankers have their endorses; the cotton planters have their liens and mortgages; the insurance companies can cancel their policies when the premium is not paid; the landlords have their mortgages; and many more. ## THE HARMON CASE.

## WHAT THE CITIZENS OF SOCIAL CIRCLE SAY.

The Negro Was a Desperate Character and Deserved Punishment. But He Was Not Lynched.

MAY EXTEND THE ROAD. Macon's Street Railroad May Be Run to the McElroy Place.

MACON, Ga., July 14.—[Special.]—It is possible that the street railroad may be extended. The constitution learned this today from reliable parties and the rumor can be credited. President Work, whose arrival was mentioned Saturday, was seen today in company with several gentlemen who are interested in the extension, and it is understood they have made him a moneyed proposition to extend the road to the McElroy place. This place is about three miles north of the city, and it would require an extension of only one mile to reach the place.

This is a thickly settled neighborhood and the people there are very anxious to secure connection with the city. It is understood President Work is not unfavorable to such a movement, and the road may be extended. If this is done a number of important transactions in real estate may be looked for.

## General Gossip.

MACON, Ga., July 14.—[Special.]—In the superior court today the motion for a new trial in the case of Charles Thompson vs. the Central railroad was refused.

Today, in the ordinary court, the will of Mrs. Jane R. Armstrong was admitted. Hon. Walter B. Hill was made executor.

A casket was sent out today by Undertaker Clay for a child of Mr. D. A. Heard, who died yesterday in Houston county.

Judge Miller today granted a new trial in the case of the City vs. the Georgia railroad. The new trial, however, was granted on certain conditions, which, if not complied with, will necessitate the withdrawal of the order.

The sermon preached yesterday by Rev. W. B. Jennings at the First Presbyterian church, was one of the most beautiful ever delivered by that gentleman. A large and cultured congregation greeted him.

A prominent citizen of Vineville informs THE CONSTITUTION that a movement is on foot in that suburb contemplating the withdrawal of Macon from the city.

Some of the Vinevillians are opposed to taking Macon in, but he thinks the movement can be carried through. Of course, if Vineville decides to do this, we will have to see.

The Standard Literary association will give a dance at Crump's park, Wednesday night, in honor of the passive members of the association.

These expecting to attend the dance, said, of gentlemen hostile to Judge Harris. A number of prominent lawyers say they received no notice of the meeting, and have indulged in much comment on the action of the parties who indicated it.

The meeting was adjourned until August 2d, without taking action, and now Judge Harris's friends hope to be able to show his strength.

They say he has a strong following and they think he will be the next judge of the city court of Macon.

Judge Harris is very popular with all classes of citizens, and the certain members of the Macon bar in their attempt to remove him from the judgeship of the city court, and today a number of them spoke to THE CONSTITUTION in regard to the matter.

The statement was made in the Telegraph, a morning paper published in this city, that a change in the city court judgeship was desired by an overwhelming majority of the Macon bar, and it was in regard to this statement that Judge Harris's friends called on THE CONSTITUTION.

They say that such a statement is entirely false and unjust, and claim that the opposition to Judge Harris is confined to only a few of the bar, and these, they say, are the friends of several ambitious candidates.

A meeting of the bar was called on Friday afternoon, but Judge Harris's friends claim that they were given no notice of the meeting and say it was simply an attempt to secure the endorsement of a certain ring for a certain candidate.

The chairman of the meeting, who was Judge R. F. Lyons, is claimed by Judge Harris's friends to be one of his bitterest opponents, and the entire attitude of the meeting, it is said, of gentlemen hostile to Judge Harris.

## WHAT THE CITIZENS OF SOCIAL CIRCLE SAY.

The Negro Was a Desperate Character and Deserved Punishment. But He Was Not Lynched.

MAY EXTEND THE ROAD. Macon's Street Railroad May Be Run to the McElroy Place.

MACON, Ga., July 14.—[Special.]—Citizens here wish to correct a report published by special from this place, in reference to the shooting and sinking in Spencer's pond, on Jim Harmon, the negro that entered the bedroom of Mrs. Williams and daughter, through a window at night. The negro was stripped of his coat and hat in the scuffle with Mrs. Williams, who then called the police, who identified next morning, when he was arrested, and acknowledged to the whole affair. A commitment trial was had before Justice Lloyd, who placed his bond at \$500, and he, failing to make said bond, was placed in the lockup until the next morning when he was to be sent to Monroe jail.

TOOK HIM AWAY FROM THE BOYS. The trial was late on the evening of the 9th instant. Constable Phillips, who had charge of the key to the lockup, having heard that there was some talk among the boys of taking him from the calaboose and whipping him before sending him to jail, left home with the key and went to the factory, one-half mile distant, to spend the night with his brother-in-law. By some means the boys discovered his whereabouts, and, disguising themselves, rushed upon him in the dark and wrested the key from him, and then proceeded to the calaboose and took Jim out and down into Spencer's woods.

THE PRISONER JERKED LOOSE. While cutting hickories, Jim jerked loose and made his escape through the lock woods. Five or six shots were fired in the direction he ran. These shots were heard by some people in town, white and colored, it being near 12 o'clock at night.

HE IS STILL A WHITE MAN. A prominent Alabama Republican talks out.

MONTGOMERY, Ala., July 14.—A prominent republican of this city, and one who holds an important federal office, said to your correspondent today:

"I will, if the force bill passes, no longer consent to act as an inspector at elections. I have been inspector for years in my beat, and always secured a fair vote, and an honest count, and never had any trouble, but the force bill will arouse such feelings of indignation among my democratic neighbors and friends—indignation which I believe is right—so, as the south wants no federal bayonet to control it, and coerce it into a submission to negro domination—as to make a very serious matter for every southern republican—as to act as an inspector. Besides, when the lines are drawn between the negro and the Caucasian, I am going to let politics severely alone."

He says the force bill, instead of strengthening the party, will drive out of it every respectable republican in the south.

The boy sprang up and the flames ran up his legs. He screamed for assistance, and a white man living nearby, with his hands, tore the burning paper and clothing off. The boy is very dangerously injured, and his rescuer had his hands seriously burned.

ONE MORE DAY  
BEFORE PRIMARIES.

THE QUESTION DECIDED TOMORROW.

Preparations for the Primaries and  
Preliminary Caucuses.

THE SEVEN CANDIDATES TALK.

Their Views About the Outlook—  
The Meeting Tonight.

The election tomorrow!

The democracy of Fulton county will select the next three representatives from this county at the primary election ordered by the executive committee for tomorrow, July 16th.

There are seven candidates, and of them three are to be elected, and four will be defeated.

The seven candidates are: Mr. Clark Howell, Jr., Mr. James F. O'Neill, Colonel John B. Goodwin, Mr. E. W. Martin, Mr. E. W. Mitchell, Colonel Reub Arnold, and Mr. S. M. Tallafiero.

Only those who are registered are entitled to vote, and out of the above list of names those who have registered may select the three that suit them best.

Things were lively yesterday, and all of the candidates were at work.

Mass meetings were held last night by the friends of Mr. O'Neill in every ward.

The meetings partook of the nature of conferences, and were well attended.

Colonel Goodwin's friends held a caucus at Concordia hall, at which strong enthusiasm was manifested for their favorite.

The friends of Mr. Clark Howell will hold a meeting tonight at Centennial hall, 34 Whitehall street, to make final arrangements for tomorrow's election. The call for the meeting appears elsewhere.

A Constitution reporter made the round among the candidates yesterday to talk with them concerning the election. They spoke as follows:

MR. CLARK HOWELL.

"I see no reason whatever why I should not poll a larger vote on Wednesday than in either of my other elections. My friends are actively at work, and I have been to every militia district in the county. I believe that I will get as big a vote in the country districts as I did in either of my other elections in which I was a candidate, and if I do that I will be well satisfied. My friends in the country say that I will run ahead of my vote of two years ago.

In the city the outlook is certainly encouraging, and from every ward I receive the most gratifying reports. Hundreds of letters have been sent me, many from persons whom I have never seen, assuring me of their support. I want to urge my friends, however, to turn out, and not to let overconfidence prevent them from actively participating in an effort to get out a full vote. I am particularly anxious for a full vote, and have every reason to believe that my friends will do their best to see that I am given the benefit of it.

MR. JAMES F. O'NEILL.

"After the very flattering majority which I received two years ago," said Mr. O'Neill, "and the interest and enthusiasm manifested by my many friends, I see no reason to doubt my election by a large majority. You see, I was born and raised in Fulton county, and there is not a ward in the county and scarcely a precinct in the county in which I have not warm personal friends, many of whom were my schoolmates in the public and high schools of this city. There is one very gratifying thing which has happened me, and that is the voluntary offers of support which have been made me by the old citizens of the place who have known my people for the last forty years.

"So far as my record in the legislature is concerned, I have no reason to be ashamed of it, and the universal interest taken in my present race by my colleagues in the last house—even those whom I frequently opposed, bears witness to the fact that I was not without influence.

"Some rumors have been circulated derogatory to me, but life would be too short to specify and deny them all. There is this about them, however, as those who know me will testify, that the ways of the politician are unknown to me, and that I would much rather be defeated than owe my election to a scurvy trick. I am of the opinion that politics and honesty are not inconsistent."

MR. JOHN B. GOODWIN SAYS:

If nominated and elected to the general assembly will say first of all, that it has always been my purpose in public service to promise sparingly, and, if possible, to accomplish more than promised rather than less. Liberal promises during a candidacy frequently fall short in fulfilling them.

Certainly it would be my desire to serve the interests of the whole people by favoring wholesome legislation to that end, and to oppose any proposed measures that would work injustice to any class or interest.

I would certainly be in a position to do the right if I can ascertain it, as I would not be in the service with a view of election to the legislature, or to enter into upon a political life or course, as my preference and interest are inclining me more and more to a business life and the practice of my profession. If elected, I would favor a business session conducted on business principles, and the true interests of all the people, and while not favoring undue haste in matters of legislation, would expect a short session of not exceeding forty days to be sufficient. If, however, matters of such importance arise as to require more time to properly consider and determine, then, of course, a somewhat longer session may be necessary, but I do not believe this latter contingency likely to arise.

So far as I have been able to discover, there is no direct issue or question on which any of the candidates in this race are running.

Indeed the race seems to be in a measure free from the issue upon which the people of this county were formerly so greatly divided, and certainly if chosen as one of the representatives, I should wish to be the representative of all the people, and of all the respectable callings and classes instead of the representative of one faction or class only, and I shall certainly be glad to have the support of all, regardless of such former divisions. In this connection it may be proper to state that tickets have in the last few days been addressed and knocked through the mails without any knowledge of mine, and as I am satisfied, by unfriendly influences, with the design of giving color to alleged alignments or combinations between myself and other candidates. I do not charge this upon any candidate, for I do not believe that either would engage in or inspire any such miserable and despicable conduct.

When I entered the race I did so without any ticket or combination, and have so continued, and without special opposition to any candidate in the field.

If, as a consistent anti-prohibitionist, I have so conducted myself as to receive the respect and confidence of prohibitionists as well as anti's, it is to me very gratifying, and I will certainly appreciate support from both classes to the full extent to which it is accorded me, and have

the conditions assurance that I thereby in no way compromise myself on that question.

MR. E. W. MARTIN.

"Since beginning this campaign on June 22d," said Mr. E. W. Martin, "it has been my effort to reach all parts of the county and the people everywhere, they all having an interest in this nomination so important to them.

"Speaking has been the exception on the part of most of the gentlemen running; but work the rule, though in some instances we have had the former. Wherever I have been present on the part of all the speakers, everything has been on a high plane. No unkind word was uttered by one against the other. It seemed the desire of each to rise on his own merits.

"Basing my statement on all that has come under my observation, and what has been stated to me and friends in all parts of the city and country, there is every reason to believe a successful termination will be accorded me in the primary, day after tomorrow.

I have never forgot the encouragement and kindness given me by many on whom I had no claims, and especially the many friends who have so generously and warmly supported me."

COLONEL REUB ARNOLD.

"I came in the race," said the colonel, "because over a thousand of the best voters of the city and county asked me to do so. Then, too, the honor of the position is something.

I have lived here many years, and everybody knows my record. If I am elected I shall give the people the best service of which I am capable. I don't hold any office now, and can give my entire time to the one to which I aspire. The requests to me to enter the race were very flattering, and since I went into it I have received every encouragement I could ask. I feel assured of my success, I may add."

MR. A. W. MITCHELL.

"About my race?" said Mr. A. W. Mitchell. "Well, I feel mighty good over it now. How it'll be day after tomorrow I don't know, but I'm not borrowing trouble about it. I believe I can serve the people to their advantage, and unless I did believe so I won't offer myself for the place. I have been among the people quite a good deal, and they have given me encouragement to a gratifying degree. If elected I will do the best I know how to serve the people who place their interests and confidence in my keeping."

Candidate Tallafiero, the alliance choice, is busy pushing his interests. He was in Atlanta yesterday talking things over on the streets.

"The farmers have asked us to give them one of the three representatives," said one of Mr. Tallafiero's most enthusiastic supporters, who, by the way, is not a farmer. "And," he continued, when Mr. Tallafiero's candidacy was mentioned, "we ought to grant that reasonable request."

Tallafiero's candidacy is not of his own making. The farmers wanted the best man to represent their class of our citizenship, and Mr. Tallafiero was their choice. You can put it down that Tallafiero will be elected, too, just as sure as Wednesday comes."

Preparations for the Primaries.

The sub-committee of the county executive committee having in charge the work of preparing for the election has been kept busy furnishing the managers with the necessary papers. Each polling place has been furnished a copy of the registration lists. The city polls will open at 7 a. m. and close at 6 p. m. The polls in the country will close at 3 p. m.

The city polling places are as follows: First Ward—Corner Board and Mitchell streets. Second Ward—County court house. Third Ward—Corner Fair and Eber streets. Fourth Ward—Corner Board and Decatur streets. Fifth Ward—No. 175 Marietta street. Sixth Ward—No. 11 North Pryor street. ## IN RAILROAD CIRCLES.

THE TERMINAL CASE HEARD BEFORE THE COMMISSION.

The Question of Percentages to Come up Today—The Southern Railway and Steamship Association.

The Terminal case was heard yesterday before the railroad commission.

The hearing was concluded, but no decision has been made.

The question to be decided is whether or not the Richmond and Danville, Georgia Pacific, Central and East Tennessee are really under the same management and control.

The roads say they are not.

They contend for themselves that they are entirely separate and independent.

Complaint has been made on the other hand that they are under one management, and parts of one system, and that continuous mileage rates should be made to apply.

Heretofore, in the matter of prescribing a tariff, the roads have been regarded by the commission as separate and distinct.

There appeared yesterday as witnesses on behalf of the railroads Mr. Pat Calhoun, Commissioner Thomas H. Carter, of the Southern Railway and Steamship Association; Traffic Manager W. F. Shelham, of the Central, and Chief Manager Edwin Fitzgerald, of the East Tennessee.

There were submitted, in addition, affidavits of Mr. John H. Inman, president of the Terminal company; President E. P. Alexander, of the Central; General Manager C. H. Hudson, of the East Tennessee, and General Manager Peyton Randolph, of the Richmond and Danville.

These gentlemen all testified as to the practical working of the roads and of the relation of their managements, going to show that the roads were freely competitive, each managed independent of all others.

The only representative on the other side was Mr. Martin F. Amoruso, representing the interest of the lumber dealers. He submitted evidence to show that the roads were under one common management, to all practical intents and purposes. He cited examples of the rates of the roads, and showed that under the contract of the Terminal—and where this could not have been done but for the fact that the competitive line was also controlled by the Terminal.

Shippers he said, had a right to complain against these roads being regarded as separate and distinct. The result of it was that local rates were piled up at a ruinous rate, while continuous mileage rates should be made to apply. As an example, it costs more to ship lumber from the timber section of Georgia to Lawrenceville, Gwinnett county, than to ship it to Atlanta.

Brief arguments were made for the roads by Mr. Pat Calhoun, Mr. Alex. King and Colonel P. L. Mynatt.

Technically, the roads are not under the same contract. Not by lease. Nor by purchase. The supreme court has decided that because the same stockholders own a majority of the stock of two or more of the roads are not necessarily under the same management.

They split the hair by taking the position that the control of the roads is not vested in the stockholders, but in the directors elected by the stockholders. The board of directors, in whom is vested the control of these roads, are not legally identified. The board of directors of the Central does not control in any way, nor is it controlled by, the board of directors of the East Tennessee.

The board will meet again tonight for the trial of Policeman Henry Abbott, charged with conduct unbecoming an officer.

The policemen must not talk to citizens without duty.

One of the rules of the commission is to this effect. Last night the chief was instructed to have it strictly enforced.

So don't talk to the police, unless you want to get somebody in trouble.

The enforcement of this rule, it is understood, was ordered to keep members of the force from electioneering or talking politics.

## A BEAUTIFUL TRIBUTE

Which Atlanta Knights of Pythias Paid a Retiring Officer.

Dr. N. O. Harris is the happy recipient of a beautiful tribute from his brothers in Atlanta lodge No. 20, Knights of Pythias.

There is not a more popular knight than Dr. Harris, and no where can there be found a more efficient officer than that gentleman has proven himself.

His term of chancellor commander of the lodge, which is just at an end, has been one of great good to the lodge, and the record he has made is one to be proud of. When he was elected to the office six months ago there were seventy members in Atlanta lodge. Now the number has increased to 100, and there are thirty-seven more to come in.

His fellow knights appreciate this record—the best yet made in the lodge, and last night they gave substantial evidence of that recognition by presenting Dr. Harris with a beautiful K. of P. badge. Mr. Jim Austin made the presentation, and did it most eloquently. He spoke of Dr. Harris's splendid work for the lodge and of how the lodge appreciated it, and then he presented to the unsuspecting chancellor the "slight evidence of the lodge's esteem."

Dr. Harris was knocked out, and said so. But he thanked his brothers in an eloquent little speech, and as he attached the new badge to his watch chain said:

"This is the happiest moment of my life."

WILL OPEN TOMORROW.

The Piedmont Chautauqua Will Have Its Opening Session for the Year.

The prospects for a successful session of the Piedmont Chautauqua assembly was never so bright as it is today.

When Mr. Grady first conceived the idea of erecting a grand chautauqua at Salt Springs, its workings were but little known. The people did not appreciate the great advantages of this institution and, but for the goodness of heart of Mr. Grady, and his far-reaching wisdom, they would not now be the happy recipients of this magnificent, elevating and instructing institution.

The chautauqua has a hundred friends to-day where it had one last year. The grounds are a perfect model of beauty. It will

## THE DOCTORS OF DENTISTRY.

ATLANTA IS NOW FULL OF THEM.

And They Come From All Parts of the Country.

THE CONVENTION MEETS TODAY

A Splendid Representation Promised—Convention Notes.

They meet today. The dentists are in Atlanta by a large majority. The twenty-second annual convention of the Southern Dental Association will be in full blast this morning.

It will be held in DeGue's opera house. Hundreds of delegates from every section of the north, east, south and west are here, and this meeting promises from the outset to be the most brilliant convention known to the association since it was first organized in Atlanta twenty-two years ago.

Since that time the Southern Dental Association has had several meetings in Atlanta, the last one having been held here while the Cotton exposition was in progress here some years ago.

All of these have been abundantly successful, but none will come up to the meeting that is convened today.

There will be three or four hundred dentists in the opera house when President Storey calls the convention to order this morning.

THE FIRST SESSION.

This morning, at 8 o'clock, the executive committee, consisting of George S. Staples, Sherman, Texas; B. H. Catching, Atlanta, Ga.; H. J. McKellops, St. Louis, Mo.; H. E. Beach, Clarksville, Tenn.; S. G. Holland, Atlanta, Ga.; R. B. Adair, Harmony Grove, Ga., will meet to arrange such matters pertaining to the convention as come under their direction.

The secretary and treasurer will meet also to transact preliminary business before the meeting convenes.

The first session will be called to order in the opera house promptly at 10 o'clock, and every member of the association is expected to be present at the time.

THE PUBLIC INVITED.

The dentists will have no secret sessions. Everybody is invited to be present at their first session this morning, and there is no doubt but that a large crowd of visitors will fill the house.

The session will be of interest to all. Opening with prayer, the next feature of the morning exercises will be an address of welcome by Mayor John T. Glenn, in behalf of the citizens of Atlanta.

Next, an address of welcome in behalf of the local dentists will be made by Dr. S. G. Holland, and will be responded to by Dr. J. B. Patrick, of Charleston, S. C.

The forenoon session will close with the president's address, which will be interesting throughout.

The afternoon session will be held at the chamber of commerce.

It will meet at 2 o'clock and will be devoted to a discussion of the president's address, the report of the committee on education, essays, discussions and miscellaneous business.

Then there were mule races and horse races, in which the variously paced nags of the weedy persuasion vied with each other in fruitless efforts to get twice around the track while the Tommy Edison crowd car went to town and back.

It is still undecided which Bucephalus won. Hock patrons are liable to encounter lurid descriptions and arguments about those great races for two months to come.

After the racing there was a gander pulling, together with several other sports.

At night, Mystic and Holbrook halls were bedecked with gaslights and spread with sand-trails, and the usual lemonade and merry-making. Early this morning the merry-makers of yesterday were still lingering about the festal board.

FROM OUR NOTEBOOK.

A Prominent Editor.—Mr. F. E. Gray, one of the chief editorial writers of the National Economist, of Washington, D. C., is in the city. Editor Gray comes to acquaint himself with the alliance and its people. He went to Jonesboro yesterday, to hear the joint debate between Livingston and Stewart.

He is Out Again.—Hon. James O. Harris was upon the streets again yesterday. Uncle Jimmie, as every one calls him, is looking much better than he has been for many months. Atlanta always feel happier when Uncle Jimmie is among them.

The Remains Coming.—The remains of Mr. C. W. Woodson will reach Atlanta today. The body was shipped from Liverpool Saturday evening late on a vessel bound for Newport News. It will reach Atlanta Sunday or Monday next.

Is Doing Well.—Judson Weldon, a colored man, was recently shot in the eye, had his eye removed today by Dr. A. B. Patterson, who was assisted by Drs. Benson and Elbert. The man is doing well.

South Carolina Knights.—Palmetto division, Uniformed Rank Knights of Pythias, passed through the city last night on their way to Charleston from Milwaukee. There were in the party Messrs. C. Adams, W. H. Wharton, Captain W. M. Leonard, and others.

Schrago, A. N. Fund, Jr., G. C. Fund, C. E. Milligan, Charles F. Zernow, J. W. Bouson, J. E. Burdette, J. M. H. Thomas, A. H. Buck, C. J. Brunning, P. J. Wilson, W. R. Gross, Robert L. Lamb.

Has Been Taken to Madison.—Mr. Hal Moore, who has been ill in this city for some time, has been taken to his old home, Madison, and is there improving in health. Mr. Moore's mother is with him.

The Commission on Race.—It looks like Henderson was the comment at the agricultural department yesterday. "You notice that the Clinch alliance endorses Judge Henderson?"

A Great Meeting.—Very few people outside of the immediate vicinity of the fair are aware of the amount of good which has been and is being accomplished through the efforts of the faithful and devoted workers of the fair.

People are being brought to the fair in large numbers, and hundreds of souls have been brought to the Savior. Every night the tent is crowded with people eager to hear the gospel. Many are coming who have never attended a service for years, and it may appear in this Christian land, grown persons have been brought to the faith who were never inside a church. In many respects this has been one of the most remarkable meetings ever held in Atlanta. The meetings were to have closed last night, simply because the little congregation having charge could not pay the expenses any longer.

But at the Sunday night service several gentlemen who were there felt impressed that the work ought to go on and volunteered to pay the expenses for another week.

This good work should certainly be encouraged by all Christian people, as a class, by reaching there which the church might never reach.

Let all good people aid by their presence, their prayers, and, if necessary, their money.

An Important Contract.—The Rutan Manufacturing Company south has awarded the contract for heating and ventilating the new court house at Greenville, Miss., with the Rutan Smead system.

Music at Grant Park Tonight.—The Zouave band orchestra will play at Grant Park tonight, from 11 o'clock, and a pleasant time is in store for those who go out.

Long Ride for a Little Money.—The Metropolitan dunny line has reduced the fare to the "Soldiers' home" to five cents, and will doubtless be rewarded by a largely increased patronage. This line

SECRETARY M. C. MARSHALL.

Who has ever known Dr. M. C. Marshall, the recording secretary of the association, to profess utmost esteem for him?

Nashville to Atlanta in 1839, when he was quite young, and lived in this city fourteen years.

He left Atlanta in 1873 for Oxford, Mississippi and studied dentistry in his brother's office for several years.

He then went to the Philadelphia Dental college and graduated. Going back to Oxford, Mississippi, he practiced dentistry seven years with great success.

Two years ago he went to Little Rock, Ark., and has since grown to be regarded as one of the most skilled dentists in the state. He is, in fact, regarded among the best dentists in the south.

Dr. Marshall has many attractive characteristics. He is genial and companionable, pleasant in all of his manners, polished and cultured.

THROUGH THE HOTELS.

The hotels are becoming crowded with visiting dentists, many of whom are among the most prominent in the country.

Among those who came in yesterday were: William T. Jones, Memphis, Tenn.; T. M. Allen, Birmingham, Ala.; George S. Staples, Sherman, Tex.; J. L. Buchanan, Bonham, Tex.; W. J. Barton, Paris, Texas; E. B. Marshall, Rome, Ga.; D. H. McDonald, Griffin, Ga.; E. T. Starr, Philadelphia, Pa.; C. T. Osborne, Columbus, Ga.; J. E. Walker, Columbus, Ga.; W. H. Richards, Knoxville, Tenn.; Dr. William Herod, Atlanta, Fla.; J. Rolfe Knapp, New Orleans; S. H. McGee, Tallahassee, Fla.; John J. R. Patrick, Belleville, Ill.; B. H. Patterson, Baxley, Ga.; W. T. Pool, Columbus, Ga., and scores of others.

Every train brings great crowds of the visiting dentists, and the representation promises to exceed that of any other convention held by the association.

NOTES OF THE CONVENTION.

The local dentists are exerting themselves to show the visitors every courtesy.

The committee on arrangements, of which Dr. S. H. McGee is chairman, has seen to it that no convenience or comfort will be spared the convention, and will demonstrate in every possible way the unbounded hospitality of Atlanta.

Several theatrical plays made by the different dental depots are open to the visitors at the Kimball. The S. R. White company, which is the largest in the world, has a gorgeous array of theatricals, and the company, of New Orleans, is also very fine, as well as that of Holmes & Mason, of Macon, Ga.

The clinics will be an interesting feature of tomorrow's session. Dr. R. E. Luckie, of Holy Springs, Miss., is superintendent of clinics, and will have some wonderful experiments made.

A GALA DAY.

Two Negro Military Companies Visit Atlanta—They Celebrate.

Yesterday was a big day for the colored citizen.

Atlanta wore a regular old time Fourth of July aspect. All day long and until the small hours of this morning there were sounds of revelry and scenes of gaiety among the people of color.

A military drill, with a side line of mile races and gander pulling, was the occasion for the most of colored citizens from the neighboring towns, and the downpour of a heap of variegated lemonade.

Piedmont park was the place where the festivities were carried on, and from where a few of the city souls took a walk to the city of the citizens of Atlanta.

Next, an address of welcome in behalf of the local dentists will be made by Dr. S. G. Holland, and will be responded to by Dr. J. B. Patrick, of Charleston, S. C.

The forenoon session will close with the president's address, which will be interesting throughout.

The afternoon session will be held at the chamber of commerce.

It will meet at 2 o'clock and will be devoted to a discussion of the president's address, the report of the committee on education, essays, discussions and miscellaneous business.

Then there were mule races and horse races, in which the variously paced nags of the weedy persuasion vied with each other in fruitless efforts to get twice around the track while the Tommy Edison crowd car went to town and back.

It is still undecided which Bucephalus won. Hock patrons are liable to encounter lurid descriptions and arguments about those great races for two months to come.

After the racing there was a gander pulling, together with several other sports.

At night, Mystic and Holbrook halls were bedecked with gaslights and spread with sand-trails, and the usual lemonade and merry-making. Early this morning the merry-makers of yesterday were still lingering about the festal board.

FROM OUR NOTEBOOK.

A Prominent Editor.—Mr. F. E. Gray, one of the chief editorial writers of the National Economist, of Washington, D. C., is in the city. Editor Gray comes to acquaint himself with the alliance and its people. He went to Jonesboro yesterday, to hear the joint debate between Livingston and Stewart.

He is Out Again.—Hon. James O. Harris was upon the streets again yesterday. Uncle Jimmie, as every one calls him, is looking much better than he has been for many months. Atlanta always feel happier when Uncle Jimmie is among them.

The Remains Coming.—The remains of Mr. C. W. Woodson will reach Atlanta today. The body was shipped from Liverpool Saturday evening late on a vessel bound for Newport News. It will reach Atlanta Sunday or Monday next.

Is Doing Well.—Judson Weldon, a colored man, was recently shot in the eye, had his eye removed today by Dr. A. B. Patterson, who was assisted by Drs. Benson and Elbert. The man is doing well.

South Carolina Knights.—Palmetto division, Uniformed Rank Knights of Pythias, passed through the city last night on their way to Charleston from Milwaukee. There were in the party Messrs. C. Adams, W. H. Wharton, Captain W. M. Leonard, and others.

Schrago, A. N. Fund, Jr., G. C. Fund, C. E. Milligan, Charles F. Zernow, J. W. Bouson, J. E. Burdette, J. M. H. Thomas, A. H. Buck, C. J. Brunning, P. J. Wilson, W. R. Gross, Robert L. Lamb.

Has Been Taken to Madison.—Mr. Hal Moore, who has been ill in this city for some time, has been taken to his old home, Madison, and is there improving in health. Mr. Moore's mother is with him.

The Commission on Race.—It looks like Henderson was the comment at the agricultural department yesterday. "You notice that the Clinch alliance endorses Judge Henderson?"

A Great Meeting.—Very few people outside of the immediate vicinity of the fair are aware of the amount of good which has been and is being accomplished through the efforts of the faithful and devoted workers of the fair.

People are being brought to the fair in large numbers, and hundreds of souls have been brought to the Savior. Every night the tent is crowded with people eager to hear the gospel. Many are coming who have never attended a service for years, and it may appear in this Christian land, grown persons have been brought to the faith who were never inside a church. In many respects this has been one of the most remarkable meetings ever held in Atlanta. The meetings were to have closed last night, simply because the little congregation having charge could not pay the expenses any longer.

But at the Sunday night service several gentlemen who were there felt impressed that the work ought to go on and volunteered to pay the expenses for another week.

This good work should certainly be encouraged by all Christian people, as a class, by reaching there which the church might never reach.

Let all good people aid by their presence, their prayers, and, if necessary, their money.

An Important Contract.—The Rutan Manufacturing Company south has awarded the contract for heating and ventilating the new court house at Greenville, Miss., with the Rutan Smead system.

Music at Grant Park Tonight.—The Zouave band orchestra will play at Grant Park tonight, from 11 o'clock, and a pleasant time is in store for those who go out.

Long Ride for a Little Money.—The Metropolitan dunny line has reduced the fare to the "Soldiers' home" to five cents, and will doubtless be rewarded by a largely increased patronage. This line

## TWO MELON MEN

Are Detained at Police Headquarters—Both Sides Talk.

W. H. Bird & W. C. Ballard, commission merchants doing business at No. 98 Broad street, are in trouble.

They were held at the station house last night until a warrant can be sworn out for them this morning.

Larceny after trust is what will be charged in the warrant.

Mr. D. H. Hill, of Americus, a merchant and fruit grower of considerable prominence, is the prosecutor of the Atlanta commission men.

Yesterday morning Mr. Hill reached the city to secure a settlement from Messrs. Bird & Ballard for five car loads of watermelons which he had consigned to them some time since.

He claimed that \$450 was due him.

He failed to collect it for some reason, and last night came to police headquarters and the federal marshal men he arrested and held until he could swear out a warrant or them.

Mr. Hill stated to Captain Manly, who finally made the arrest, that they made several apples of watermelons from the city, and settlement, but that every time they broke the apples.

He came to the conclusion that the men were trying to swindle him, and so appealed to the law.

THE OTHER SIDE.

Messrs. Bird & Ballard say that Mr. Hill is treating them very unjustly; that he is wholly unreasonable, and further, that his course is unwarranted by the facts.
